LOANED LINCOLN HORSE

On Animal's Back He Made a Campaign Tour.

HUSBAND A NOTED MAN.

Mrs. Elizabeth Wilson Departs This Life at Home In the State of Illinois After Reaching the Advanced Age of Ninety-Six Years.

Sterling, Ill., March 6.—Mrs. Eliza Wilson, an old resident of this city, is dead at the age of ninety-six years. She was an intimate friend of Abraham Lincoln, and her husband, the late Colonel Robert L. Wilson, served in the state legislature from Sangamon county with Lincoln and was a member of the famous "Long Nine Legislature," which moved the capital from Vandalia to Springfield. In 1836, when Lincoln made his great campaign for the legislature he borrowed Mrs. Wilson's saddle horse and made the trip over Sangamon county.

When Lincoln was elected president he wrote to Mr. Wilson and asked him what office he wanted, and gave him the office of paymaster for the Army of the Potomac and later transferred him to the Army of the Missouri.

Mrs. Wilson is survived by two daughters—Dr. Ann Nixon and Mrs. Emma Edwards of Los Angeles, Cal.—and by ten grandchildren and three great-grandchildren.

CRASHED TOGETHER.

A Chemical Fire Engine and Patrol Wagon Have Terrific Impact.

New Orleans, March 6.—Three firemen were seriously injured and three slightly hurt as the result of a collision between a fire patrol wagon and a chemical engine early Wednesday. The seriously injured are Joseph Escobedo, tankman of chemical engine; Lieutenant C. Neplin of the fire patrol and James Kern, driver of the chemical engine. The patrol wagon and chemical engine, responding to an alarm, turned in from St. Anthony street, and as both rounded the turn at Burgundy and Frenchman streets they crashed together, the impact breaking the wheels of the fire patrol and throwing the occupants of both vehicles on the pavement.

WHITE LABOR PLAN.

Contemplates Doing Away With Negro Labor on Louisiana Plantations.

Baton Rouge, March 6.—A plan which contemplates the supplanting of negro plantation laborers of Louisiana with imported white immigrants from Europe has been announced by Charles Schuler, state commissioner of immigration and agriculture. This plan is the outgrowth of both the immigration station authorized for New Orleans by congress and the fact that labor is scarce. The state proposes to enable the Louisiana planter to engage immigrant labor in advance and with a fixed wage without violating the contract labor law. By July 15 next every planter desiring such labor is to deposit \$150 for every family he wishes, this sum to be a guarantee that he will repay the state for its expenses in bringing over immigrants. The state commissioner will then engage in Europe the required number of immigrants and the state will pay their way to this country.

WARLIKE MESSIAH.

Man Armed With Deadly Weapons Claims He Is Christ.

Glasgow Junction, Ky., March 6.—A man giving his name as Severn Emory Lounsberg, aged thirty years, and New York as his home, was arrested here. He claims to be Christ. He said he was on his way to New Mexico and carried a rifle, revolver, sword, butcher knife and trumpet. After frightening several women by blowing the trumpet he was arrested. He said he did not mean to frighten anyone and he only blew the trumpet to attract attention. He claims to be a graduate of Harvard.

STREET CARS COLLIDE.

One Broke Almost In Two and Ten Persons Injured.

Louisville, March 6.—Ten persons were injured, two of them seriously, in a collision between street cars at Shelby and Chestnut streets. The Shelby street car struck the other one squarely in the center, breaking it almost in two. The Chestnut street car had right of way.

Frank T. Campbell Passes Away.

Lima, O., March 6.—Frank T. Campbell, for many years prominent as a leader of the Republican party in Iowa and former publisher of the Lima Republican-Gazette, died here, aged seventy-four years.

Infant Born on Street Car.

Oklahoma City, March 6.—Mrs. J. E. Stoval of Lawton gave birth to a baby girl on a street car here.

Only Got Seven Cents.

Wilburton, I. T., March 6.—A safe was cracked here. Only 7 cents were secured.

PREDICTION IS PROVED.

Pittsburg and Vicinity Visited by Terrific

SNOW, ALSO LIGHTNING.

Thunder Rumbled. Thermometer Took a Decided Drop. Pedestrians Hardly Could Perambulate and a Lady Drops Dead From Fatigue.

Pittsburg, March 6.—This city was suddenly enveloped in a snowstorm that resembled a blizzard just before dark Tuesday night, and for an hour all street car service was crippled. Many lines were tied up because of the inability of the motormen to see beyond a few feet ahead of them. During the fury of the storm, thunder and lightning were frequent. Telegraph and telephone lines were seriously affected, shutters and chimneys blown down and pedestrians were obliged to seek shelter from a fifty-two-mile northwestern wind. Within half an hour the mercury dropped fifteen degrees.

Professor John A. Broadhead of the Allegheny observatory last week predicted that this vicinity would experience phenomenal atmospheric conditions about the middle of this week.

Miss Sarah Stewart, thirty years old, was returning home in Allegheny and left a trolley car to walk a few blocks to her home. The gale overcame her, and she struggled to a porch of the house she came to. She was taken in and dropped dead. The coroner's jury reported heart failure due to exhaustion.

OFF FOR MEXICO.

Baseball Champions of the World Depart For Spring Training.

Chicago, March 6.—In a special train decorated with flags and streamers the baseball champions of the world, the Chicago team of the American Baseball league, left Tuesday for the City of Mexico, where the spring training of the team will commence. About sixty people, including the members of the team, friends and newspaper men, were aboard when the special departed from the Illinois Central depot. Other members of the team will be picked up at Memphis and San Antonio, Tex.

En Route to Texas.

St. Louis, March 6.—The local American Baseball league team departed for San Antonio Tuesday night, and the National leaguers departed for Houston within half an hour of each other for the conditioning preparatory to the opening of the championship season.

UNABLE TO DETERMINE.

Case Will Now Be Laid Before Grand Jury and Court.

Chicago, March 6.—A coroner's jury was unable to determine whether Webster Guerin, the artist who was found dead in his studio last week, came to his death by a shot fired by himself or Mrs. Michael McDonald, who was in the studio at the time of the shooting, and who is now under arrest, charged with killing Guerin. The jury was out for over eight hours, and it being apparent that they could not agree, it was decided to return an open verdict. The case will now go to the grand jury and the criminal court.

ARTICLE EXPANDED.

John D. Rockefeller Says That He Is too Fond of Talking.

Augusta, Ga., March 6.—"I guess the article about the tremendous gift I am to make was considerably expanded," said John D. Rockefeller as he alighted from a train here.

"I guess I had better be like the village schoolmaster and not know how much; I am too hungry to talk, anyway. There is nothing in the report that I came back to Augusta because of the illness of my daughters. Mrs. McCormick is much better than she was when I left."

SUED FOR DIVORCE.

Wife of Son of Late Senator Hanna Seeking Separation.

Cleveland, O., March 6.—Suit for divorce was filed in the common pleas court by Elizabeth Gordon Hanna, wife of Dan R. Hanna, only son of the late Senator Hanna. Hanna is accused of gross neglect of duty, abandonment and extreme cruelty. Mrs. Hanna asks for divorce, adequate alimony and the custody of her daughter, Elizabeth, aged five.

Gone to Canada.

El Paso, March 6.—Sympathizers of Antonio Villareal, the Mexican revolutionist, gave out a statement that Villareal succeeded in reaching New Orleans, where he secured work on a sailing vessel bound for Canada. Immigration officers say that Villareal has never left the city.

Insurance President Dead.

Philadelphia, March 6.—Tatnall Paulding, president of the Delaware Fire Insurance company, is dead.

Garfield Secretary of Interior.

Washington, March 6.—J. R. Garfield took the oath as secretary of the interior.

WHERE IS BUSTER BROWN?

Copyright 1906 by the BUSTER BROWN CO. CHICAGO.

Perhaps you wonder how we got Mr. R. F. Outcault, the creator of Buster Brown and the world's highest paid artist, to make for us a fresh signed drawing each week. But we did—it cost us no small price. We are glad they will be here. Buster believes in truth. We do. We make a profit, every merchant must. We do not "cut prices" except on broken sizes or when overloaded. We make prices right in the beginning. We wish to make money; who doesn't? But we can make more selling at a fair profit and doing a bigger business. Help your self by making our volume larger. We invite you to look each week at Mr. Outcault's cartoons.

BRYAN, TEXAS, MARCH 7, 1907.

ARREST MADE IN THE LANZA MURDER CASE.

An Italian Landed in Jail Yesterday
Evening, Charged With Murder
of His Aged Countryman.

Jasper Courte, an Italian, was arrested
and lodged in jail yesterday evening by
Sheriff R. M. Nall and Deputy Sheriff J.
D. Conlee, charged with the murder of
the aged Italian, Frank Lanza, several
weeks ago. Sheriff Nall filed the com-
plaint and the arrest was made at the
home of Courte near the city.

It will be remembered that the body of
Lanza was found in a pasture near town,
where it had seemingly been dragged or
carried from the road near by, and where
it had lain two or three days before being
discovered. A great deal of mystery has
surrounded the case, partly due to the fact
that while the neck was pronounced broken,
it is said there was no sign of a rope or a
blow on the skin. These and other known
incidents have been recited in the local
press and are familiar to the public.

The officers have been quietly and earn-
estly working on the case ever since. They
have kept their own counsel and have met
impatient inquiries with a request to "sit
still in the boat and gave them a
chance to make a landing."

Lanza and Courte were neighbors, and
both Italian farmers.

HYDROPHOBIA EPIDEMIC APPARENT:

Several Dogs Killed Lately and Cow
Killed Yesterday—Shall Council
Pass a Muzzling Ordinance?

A cow belonging to Capt. A. F. Wil-
son, and said to have developed a violent
case of hydrophobia, was killed at Mr.
Wilson's home in this city yesterday morn-
ing. It is stated that the cow was on such
a rampage yesterday morning that the
colored man who attended to her regularly
would not take the risk of going into the
pen with her. She was later shot and
knocked in the head.

Dr. M. Francis of College and Dr. G.
W. Emory both stated that the cow had
rabies. Capt. Wilson told the reporter
that the cow had not been away from his
home in this city for several months and
that she must have been bitten by a dog
prowling around at night, as is the custom
with them in the early stages of the disease.

A dog with rabies was killed Tuesday
afternoon near the home of Mr. J. T.
Hines. There appears to be a consider-
able amount of hydrophobia scattered
around both town and country, a fact which
people should bear in mind and be on their
guard.

Last week, it will be remembered, Dr.
H. L. Fountain's dog was killed after hav-
ing bitten other dogs, one of which be-
longed to the writer, and was promptly re-
ported to an officer and was promptly re-

They wore light colored clothes, and
the men who jumped the wall had

wise bruised, death resulting in a

It Was Due to Report That Harriman Had Acquired Control.

New York, March 6.—An unverified
report that the heavy holdings of the
Philadelphia and Reading and the
New Jersey Central railways stock had
passed under Harriman's control,
which gained wide circulation, result-
ed in a sharp upward turn in Reading
shares. According to the report, the
big block of stock which changed
hands represented the H. C. Frick in-
terest in these two companies. The
story could not be verified, but despite
this quotations of Reading went stead-
ily upward as the rumor spread, reach-
ing 125 at 12:30 o'clock, a clear gain
of nearly 11 points from the low point
of Tuesday. Other stocks, which had
been moving feverishly during the day,
had nearly all a pronounced down-
ward tendency, but began to follow
Reading toward the top. In the last
fifteen minutes Reading declined to
122.

At the office in Philadelphia of the
Philadelphia and Reading it was stated
officers heard the rumor, but knew
nothing about the passing of the com-
pany into Harriman's control. A high
official said the transfer books do not
show such a change in ownership.

WESTERN PACIFIC.

Annual Election Held and Jeffreys
Continues as Road's President.

San Francisco, March 6.—The West-
ern Pacific railroad held its annual
election here. G. J. Gould was re-
elected a director, as also the follow-
ing New Yorkers: E. T. Jeffreys, Ed-
win Hawley, T. H. Caffey and S. W. Mc-
Cutcheon. The other directors chosen
are Californians. E. T. Jeffreys was
re-elected president. The company is
now spending at the rate of \$1,000,000
per month on construction work. It is
hoped to have its main line from Salt
Lake City to this city, a distance of
929 miles, completed by September.

DEADLY REVENGE.

Man Who Was With Her.

Indianapolis, March 6.—Mrs. Fred
Schwomeyer and William Gill died
from bullet wounds inflicted by the
woman's husband, who returned unex-
pectedly to his home at Ben Davis and
found the two together. The two men
had been close friends for years.
Schwomeyer had started for Indian-
apolis, but missed the car and re-
turned home. Looking through a win-
dow he found his wife and Gill togeth-
er. Gill was shot five times and the
woman once.

BUSBY CASE AFFIRMED.

Dallas, March 6.—The court of crimi-

the lower court in the case of A. S.

charged with misappropriation of
funds of the state, and given three
years.

The court also affirmed the death
sentence of Mark Rice, from McLen-

JEROME AND FITZGERALD.

District Attorney and Presiding Offi-
cer Have a Wordy Clash.

New York, March 6.—There was a
notable clash in the Thaw trial be-
tween District Attorney Jerome and
Justice Fitzgerald, at the climax of
which the prosecuting officer refused
point blank to cite to the court the au-
thorities upon which he was predica-
ting an argument. Mr. Jerome was re-
quested by the presiding judge to sub-
mit to him whatever authorities he had
upon the subject.

"I have such a high respect for the
courts of this jurisdiction," retorted
Mr. Jerome, "that I will not submit
authorities on a question of law which
is so elemental in character, and upon
which the authorities are so abundant
that I must presume the learned court
knows of them."

With flushed face and a sharp rap
of his gavel Justice Fitzgerald said to
the district attorney did not submit
to him the authorities the court would
assume that he did not know of any.

Mr. Jerome did not submit the au-
thorities, and Justice Fitzgerald ruled
in favor of the defense on the point
at issue which briefly stated, was the
question as to whether the state, on
cross-examination, should be allowed
to go further with an expert witness
(Dr. Wagner), for the defense, was
allowed to go upon direct examination.
District Attorney Jerome was as de-
fiant in his tone as he was in the
words he uttered.

Justice Fitzgerald rapped several
times with his gavel, twisted about
impatiently in his chair, and it was
plainly with much effort that he re-
tained his judicial composure.

During the course of argument the
district attorney placed himself on
record by saying that the legal as-
sumption before the court is that Har-
ry K. Thaw is insane. He declared
the alienists for the defense have
shown Thaw to have been insane as
late as Sept. 22, and in the absence of
proof to the contrary, the assumption
is that he remains insane. Justice
Fitzgerald declared that the present
jury only has to do with the question
of Thaw's sanity or insanity on the
night that he shot and killed Stanford
White.

Dr. Wagner was called to give
his conversations with Thaw during
the period that he believed the defend-
ant to be of unsound mind. He said
Thaw remembered having approached
and having shot White. He protested,
however, that he had not intended at
any time to kill the man, but wanted
to have him legally punished. In an-
swering some of the questions pro-
pounded by the District Attorney, Dr.
Wagner said he was compelled to use
long names.

"Go ahead," said the prosecutor.
The expert proceeded. The official
stenographer squirmed and most of
the jurors laughed heartily.
"I cannot help it," explained Dr.
Wagner, as if in apology for the long
est name he uttered.

"I know you can't," said Mr. Jerome.
"You go right head whenever you feel
like it."

SOON LEAVES JAIL.

Burton Will Be Released March 22
From Ironton Prison.

Abilene, Kan., March 6.—Former
Senator J. S. Burton of Kansas will
be released on March 22 from the
Ironton, Mo., jail, where he is serving
a six months' sentence for practicing
before the postoffice department as
attorney for an alleged get-rich-quick
company of St. Louis, according to a
letter received Tuesday from the for-
mer senator. His six months' term is
shortened thirty days for good behav-
ior. Burton says he and his wife,
who has been living at Ironton since
last fall, will return directly to their
home at Abilene.

ARMY MOBILIZED.

President Bonilla Is In Command of
Honduras' Soldiers.

Tegucigalpa, Honduras, March 6.—
The army of Honduras is mobilized
on the frontier under the personal
command of President Bonilla, whose
arrival at the front has inspired the
troops with enthusiasm for active op-
erations against Nicaragua.

The first fighting since Feb. 15 oc-
curred during the evening of March
3, when General Emiliano Camorro, a
Nicaraguan leader, who is serving with
Honduras, attacked and defeated 4
Nicaraguan troops and captured fifty
prisoners and a quantity of rifles and
ammunition. The loss of the Hondo-
reans was small.

LEASE OFFER.

Governor Blanchard's Letter May End
a Prolonged Controversy.

Baton Rouge, March 6.—Governor
Blanchard made public a letter which
he has sent to the treasury depart-
ment offering to lease to the govern-
ment the state quarantine station at
the mouth of the Mississippi river.
Governor Blanchard's letter is believ-
ed to end a long controversy as to
whether the state should maintain a
separate quarantine on the Mississippi
simultaneously with the marine hos-
pital quarantine.

Declined to Accept Service.

Concord, N. H., March 6.—General
Frank S. Streeter, personal counsel
for Mrs. Mary Baker G. Eddy, declin-
ed to accept service of papers in the
suit in equity brought by relatives in
behalf of Mrs. Eddy against persons
associated with the Christian Science
leader, both in business and church
relations. Arrangements are now be-
ing made to serve papers separately
on each defendant as soon as possible.

Responsibility Not Fixed.

Terre Haute, Ind., March 6.—Coroner
Leavitt returned a verdict on the San-
ford, Ind., train explosion which occur-
ed near here on the night of Jan.
19. He found that inasmuch as the
majority of the evidence as to the
cause of the explosion had been de-
stroyed, he could not fix the responsi-
bility. There were fifteen passengers
killed in the explosion.

PUGILIST PRESENT.

"Battling" Nelson Was the Center of
Attraction in Courtroom.

New York, March 6.—"Battling"
Nelson, the pugilist, was the center of
attraction in the courtroom where Har-
ry K. Thaw is on trial for his life
Wednesday, occupying the entire at-
tention of the spectators up to the
time defendant was called to the bar
and Justice Fitzgerald had taken his
place on the bench. Nelson was ac-
companied by his manager, William
Nolan, and they occupied seats just
behind the prisoner.

In anticipation of a continuance of
the expert testimony there were many
empty seats in the courtroom. Thaw
again came to the court laden down
with letters, which continue to come
to him from all quarters of the globe.

BATTILING NELSON.

Most of the letters are in praise of the
defendant, and he manifestly takes
great satisfaction in reading them.

Dr. Charles G. Wagner of Bingham-
ton, who has been under cross-exami-
nation since Monday afternoon, was
again called to stand, and District At-
torney Jerome began to ply him with
questions regarding Thaw's will and
codicil. Dr. Wagner said he believed
that when Thaw wrote the section of
his will providing for a fund for the
prosecution of anyone who might take
his life his mind was clouded and he
did not have a clear idea of such mat-
ter as a man who was wholly sane, but
enough to be able to appreciate the
taking of human life was a crime.

"Doctor, when this defendant stood
up to be married on the second day
that the will was signed, did he know
what he was doing?" asked Mr. Je-
rome.

"I don't think his mind was entirely
clear."

"Was it clear enough for him to
understand he was getting married?"

"Yes, he understood it."

After questioning Dr. Wagner at
some length regarding the letter writ-
ten by Thaw in 1903 to Attorney Long-
fellow Mr. Jerome suddenly asked:
"Was there any period, doctor, be-
tween 1903 and 1905 when this defend-
ant was in full possession of his facul-
ties?"

Dr. Wagner here reflected a moment
and replied: "There are several
months in that period of which I have
no record. I suppose there may have
been recovery during that time and a
condition of soundness."

Dr. Wagner was asked by Mr. Je-
rome if he could say from the descrip-
tion of the killing of Stanford White if
Thaw was insane or simply intoxicated.
The alienist replied that there was
nothing whatever to indicate in-
toxication, but much to indicate insan-
ity. This concluded the cross-exami-
nation of Dr. Wagner.

Mrs. William Thaw was the first
witness called after the luncheon re-
cess Wednesday. Mrs. Thaw said she
noticed a change in her son when he
came to Pittsburgh in 1903. He was
absent-minded and apparently lost in-
terest in life. Mrs. Thaw broke down
and cried while narrating the change
in her son following his trip to Eu-
rope with Evelyn Nesbit.

THROAT CUT.

Windpipe Is Also Severed, but Young
Man May Recover.

Beaumont, March 6.—At the Sisters'
hospital lies a young man with his
throat cut from ear to ear and his
windpipe severed, and there are no
means of identifying the man or learn-
ing how he came by his injuries. The
man was picked up by a Santa Fe
train at Kirbyville, and it was report-
ed there that he had been brought to
Kirbyville by the Jasper and Eastern
road. The only information or paper
of any sort found on the man was a
paper bearing the address of the hos-
pital in this city. The patient will prob-
ably recover.

He is conscious, but the wound in
his throat is so deep, and his wind-
pipe being severed, he cannot make a
sound, and he is too weak to write.
An effort was made by the sisters to
learn his name, but the best they
could get from him was that his first
name was Tom.
